

26/2/23

Respected Dr. Sheeba & her team .

The team alongwith the doctor has ~~helped~~
retreated for my psoriasis.

I have felt good & immense improvement
after undergoing the treatment.

The team & Doctor are very supportive
& caring, ~~with~~ not only with regard to the
disease/illness for which the treatment is undertaken
but also provides lot of mental support to the
patient

Keep the good working going. With best wishes.
Mukeshwar
