

Dear Doc. Hadmazel Sheba,

19/3/13

The experience I have always felt is beyond words to express. Have seen with you for 8 yrs & the personal touch & treatment gets better by the day. Feeling rejuvenated & leaving after 28 days. would like to thank Sindhya & Anita for their dedicated efforts with a personal touch. Back is much better & weight seems to be coming out. Thanks a ton for all.
