Dear Dr. Sheeba and the lovely staff;

Years together I have been suffering from various ailments. Of late my cervical and lumbar problems gave me a terrible time. The pain was very very severe. I had planned to go to Kerala (Kottakkal) for my treatment. Then we came across Dr. Sheeba's hospital on the net. We came in contact with you. You advised me for 21 days treatment. The very first meeting with you made me have great confidence in you. The very first day itself you ~~made~~ had made it very clear to me that curing part of my disease would start after three months. You had mentioned that you would cure my disease not control it. That really inspired me.

I am very very happy with my treatment. I am finding a great improvement in myself and hopefully by the grace of God I will be free from all ailment in a period of three months.

Your encouraging words and treatment made me more positive. Thanks to you from the bottom of my heart.

I am very thankful to the staff for their love and care they bestowed on me. In fact I felt I am in my home with my family. SPECIAL thanks to Sandhya, Anita and Binu. I will really miss them.

Once again I express my gratitude to Dr. Sheeba.

KEEP THE GOOD WORK GOING.

Lots of love
Shabeer.
