

Dear Madam,

I feel very good after the treatment.
I never thought that I can go home walking.
I don't have any words to express my
gratitude towards the doctor as well as the
two girls Sandhya & Anita who helped
me so much to lead my life like this.
When the other doctors told me without
surgery I can't get up from the bed I lost
all my hopes. Today I can definitely say
that through ayurvedic treatment all the
diseases can be cured.

Thank you very much
