

26 Aug 2014

Thank you for treating me so nicely and taking care of me, It was a pleasure to meet you all specially Binu bhaiya. I will follow the instructions to get better. I will always keep in touch as a friend.

10/10 ~~X~~

Daniyaal Ahmed

I am writing to tell you what a marvelous experience I had at the Ashvini Hospital. My son Daniyaal is having multiple medical conditions beginning infantile asthma and severe atopic dermatitis, so I have been around the block with medical situations and with my odd physiology and history, nothing is ever easy for me. That being said, I wanted to explain the things that were amazing and unique to this center that ~~is~~ inspired me to write this letter. Dr. Sheela Raveendra, thank you so much for all your guidance, support and encouragement. Without your support and motivation, Daniyaal would have not recovered from the trauma of ongoing asthma and allergy. It was a personal connection which gave us the strenght and confidence. I am marking here to express my deep

appreciation for your superior care and all your hard work while my son was undergoing treatment. Binu took such extra care of my son that he developed a bond with him.

Thankyou Binu for your help care and good food. Thankyou all others who were directly or indirectly helped him to go through this treatment. We definitely recommend this place to others who are suffering from various chronic diseases.

Thanks and Regards

Saira Ahmed.
