Dear Dr Sheeba and Team,

I appreciate and admire the way I was taken care of for a long period of 21 days. In fact I like it more because all your patients are treated similarly. I am quite happy about the treatment and expect to get back in shape at the earliest with the routine of medicines and limited food items consumption.

I suggest that AAH should be more advertised and should ^{increase its bed} go up ~~more~~ capacity since I am sure there are too many people troubled with such and similar problems who don't know about AAH and Ayurvedic treatments. They also can get benefited by this blessed treatment and avoid the risk and hassle of allopathic treatment.

All the best for future expansions. I have already recommended AAH's Ayurvedic treatment to a lot of people.
