

18/7/12

Dear Dr. Sheeba and staff,

Thank you very much for the amazing treatment experience. You have helped guide us to a healthier and pain-free living with your many massage and oil treatments. We greatly appreciate your concern and attentiveness to our problems and your support in our treatment journey. A special thanks to Anita and Sandhya for all their help, they have been wonderful to us. As a suggestion, it would be nice if patients knew more detail about what treatments were being done, just for the purpose of being informed. Other than that everything has been very nice and thank you for helping our family reach better health. ☺

- With best wishes,  
Uma and Srishthi Pillutla.

My mother's treatment has gone off well and she is feeling much better than before from her back and knee pain. Thank you so much for all the care taken by all the staff here.

Thanks once again.

Mrs Nagarathnam.
